LANTERN SLIDE GROUPS

Available for loan to the

PUBLIC SCHOOLS OF NEW YORK CITY

Prepared by
GRACE FISHER RAMSEY
Associate Curator

CATALOGUE No. 3
SEPTEMBER, 1931

DEPARTMENT OF PUBLIC EDUCATION
THE AMERICAN MUSEUM OF NATURAL HISTORY
77th Street and Central Park West
New York City
MEMORANDA CONCERNING
THE BORROWING OF LANTERN SLIDES
31-125603-Nov. 20

Please read the following regulations carefully before making out order:

1. Applications for the loan of slides should be addressed to the Curator-in-Chief of Public Education.

2. Applications for slides must be made on blanks which will be supplied by the Museum on request. All applications should be filed as early as possible.

3. A schedule of slides arranged for the entire term has proved the most satisfactory arrangement. However, additional orders will be filled as far as possible. Any groups not previously reserved for another school may be secured on short notice.

4. The Museum prefers to receive all applications through principals but applications will be accepted from individual teachers if approved and signed by the principal. So far as possible, principals are requested to have teachers of the same grade combine orders.

5. The Museum will deliver the slides free of charge to the principal’s office and will call for them at the end of the loan period as indicated on the slip enclosed with the slides. The slides are to be ready when the messenger calls; otherwise the teachers themselves will be expected to accept the responsibility of returning the slides.

6. The loan period for slides is from three to five school days. The days for delivery and collection of the slides depend upon the location of the school.

7. The slides are lent for public school use only. The borrower agrees not to use the slides on any occasion at which a charge of admission is made or a collection of any kind taken or a fee paid to the lecturer.

8. Teachers are requested to fill out the report on the slip enclosed with the slides.

George H. Sherwood, Curator-in-Chief
Department of Public Education
The American Museum of Natural History
77th Street and Central Park West
New York City
### SLIDE GROUPS FOR TEACHING PURPOSES
(Not accompanied by Manuscript)
(Each group contains from 10 to 25 slides)
