fragments of 2 shells

1 egg only

$\frac{1}{2}$ - 30 - 8 - 36 B

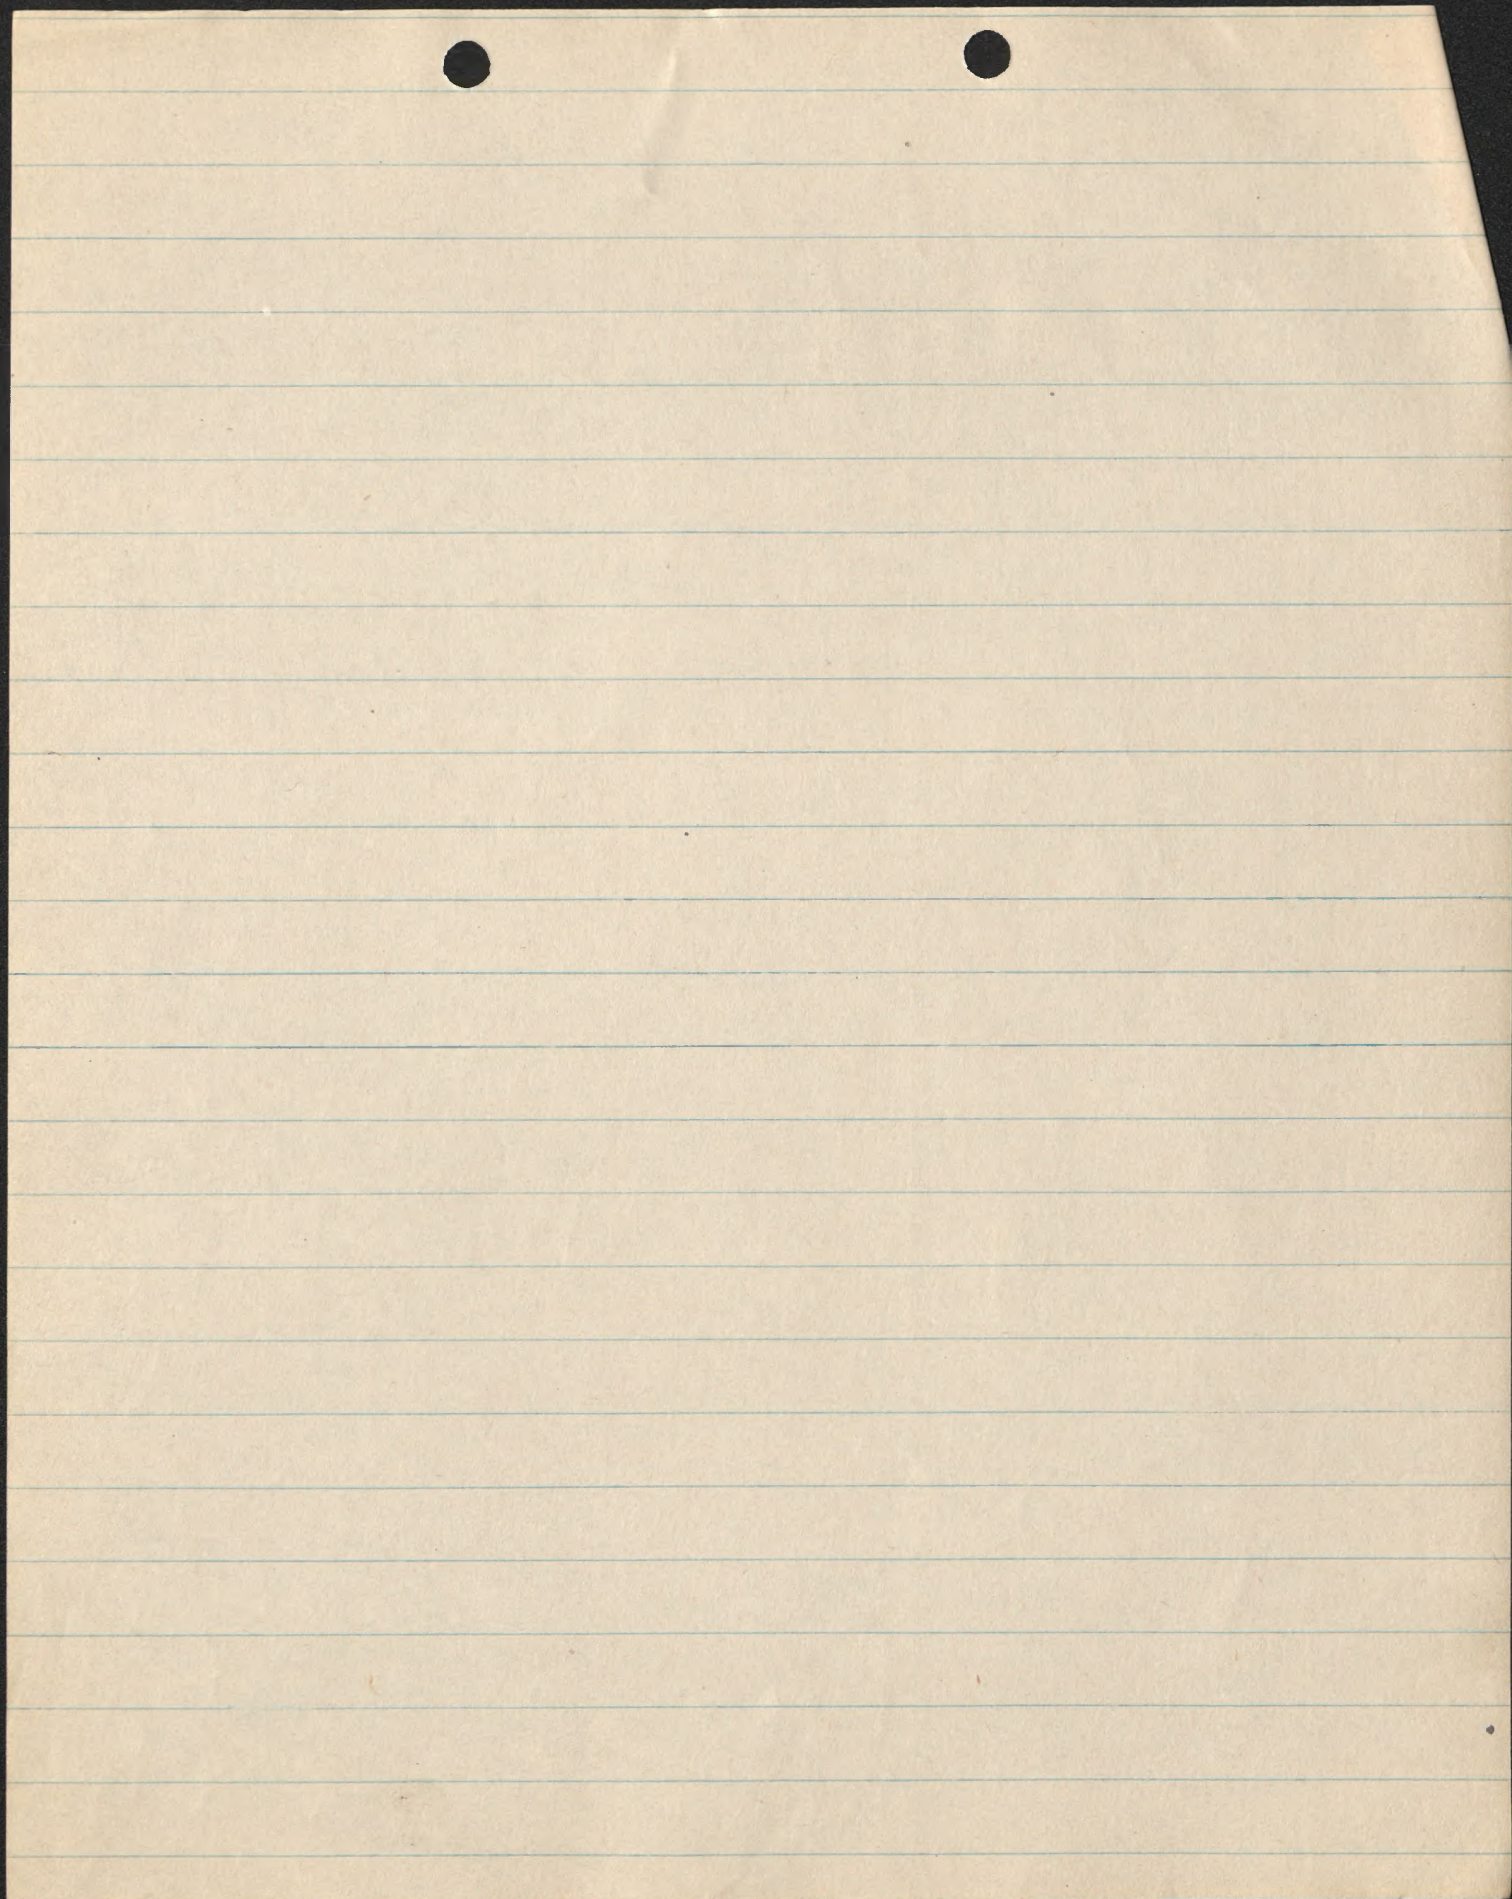

shape ovate; shell smooth, gloss slight;
color white, markings dark chocolate brown dots
& very small spots plentifully scattered over large
end, on a few ^{dis} dots sparingly scattered over
rest of shell.

~~Wm~~
 $\frac{1}{3}$ 24-8-36 c

21.4 x 13

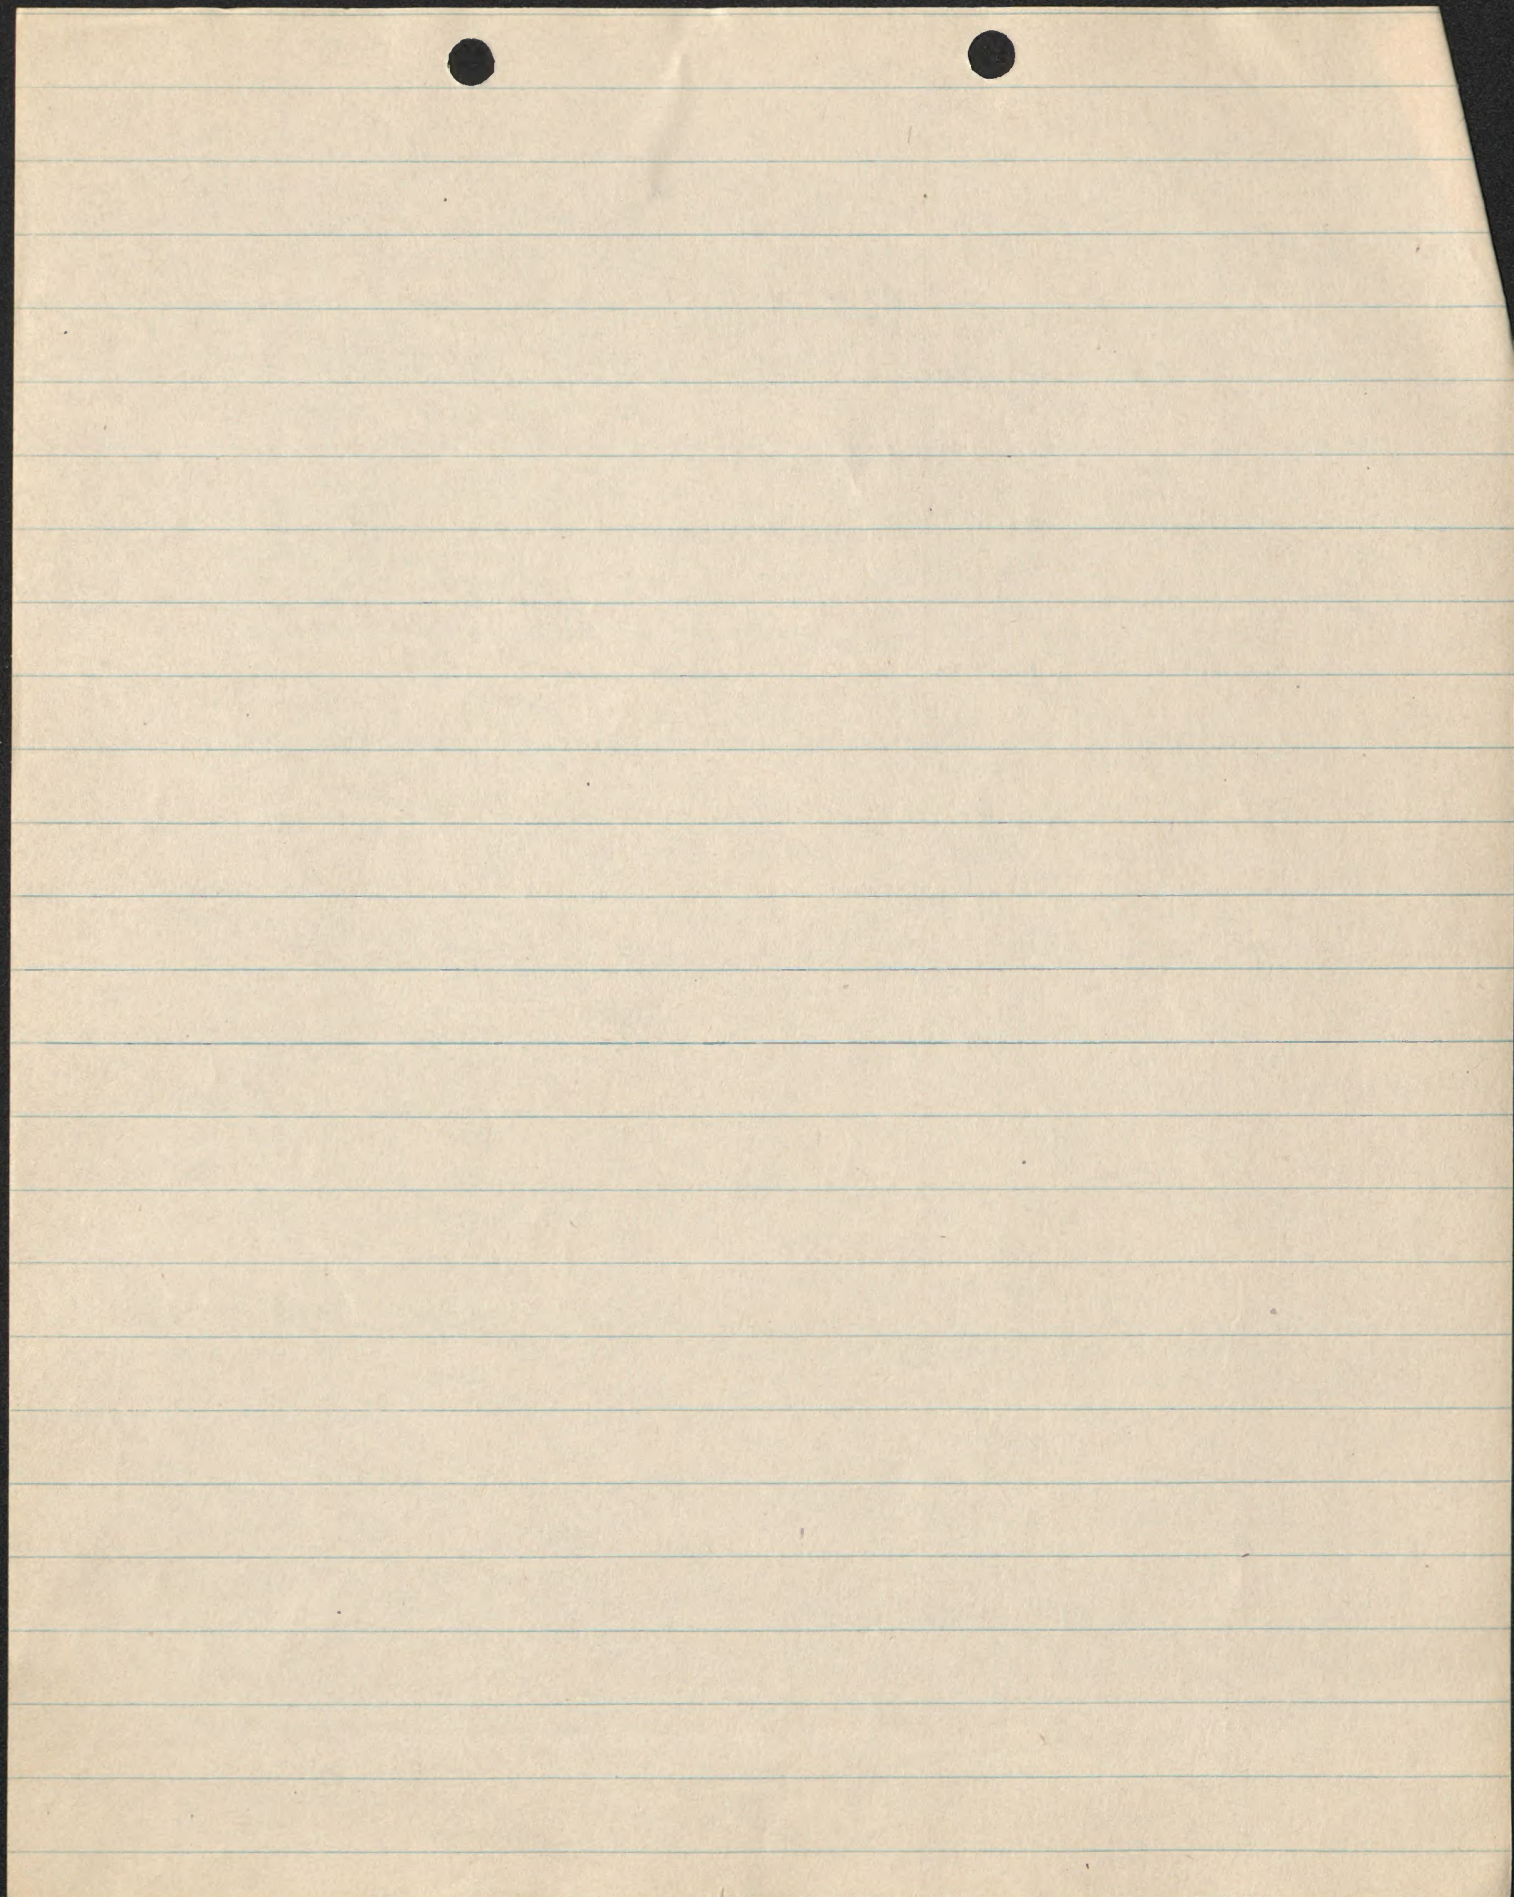

sh ^{slender} elongate ovate; shell smooth, gloss
medium color uniform olive brown,
paler on small end; this color is scraped off
on one side to show the bluish white shell
color.

$\frac{1}{2}$ -24-8-36 10 Lake Umbagog
1 broken shell + 1 complete shell

29.4 x 20.9

shape blunt ovate; shell smooth
glass medium; color pinkish, markings
entirely brown, all more or less uniform with shell
color to give wavy lines of various shades
dots, spots & blotches, small to medium size,
plentifully ~~over~~ scattered over the whole shell

Orizolus $\frac{1}{2}$ 2-9-36

$\frac{1}{2}$ 2-9-36_B

Lake Danimul

33.7 x 23

33.6 x 23.5

Shore mate; shell smooth; gills medium;
color very pale brownish white, markings
dots and spots of chocolate brown, some overlain
with shell color to give secondary groups, fairly
densely scattered over the larger end in one; in a
zone about larger end in the other; sparingly
scattered over the rest of the shell.

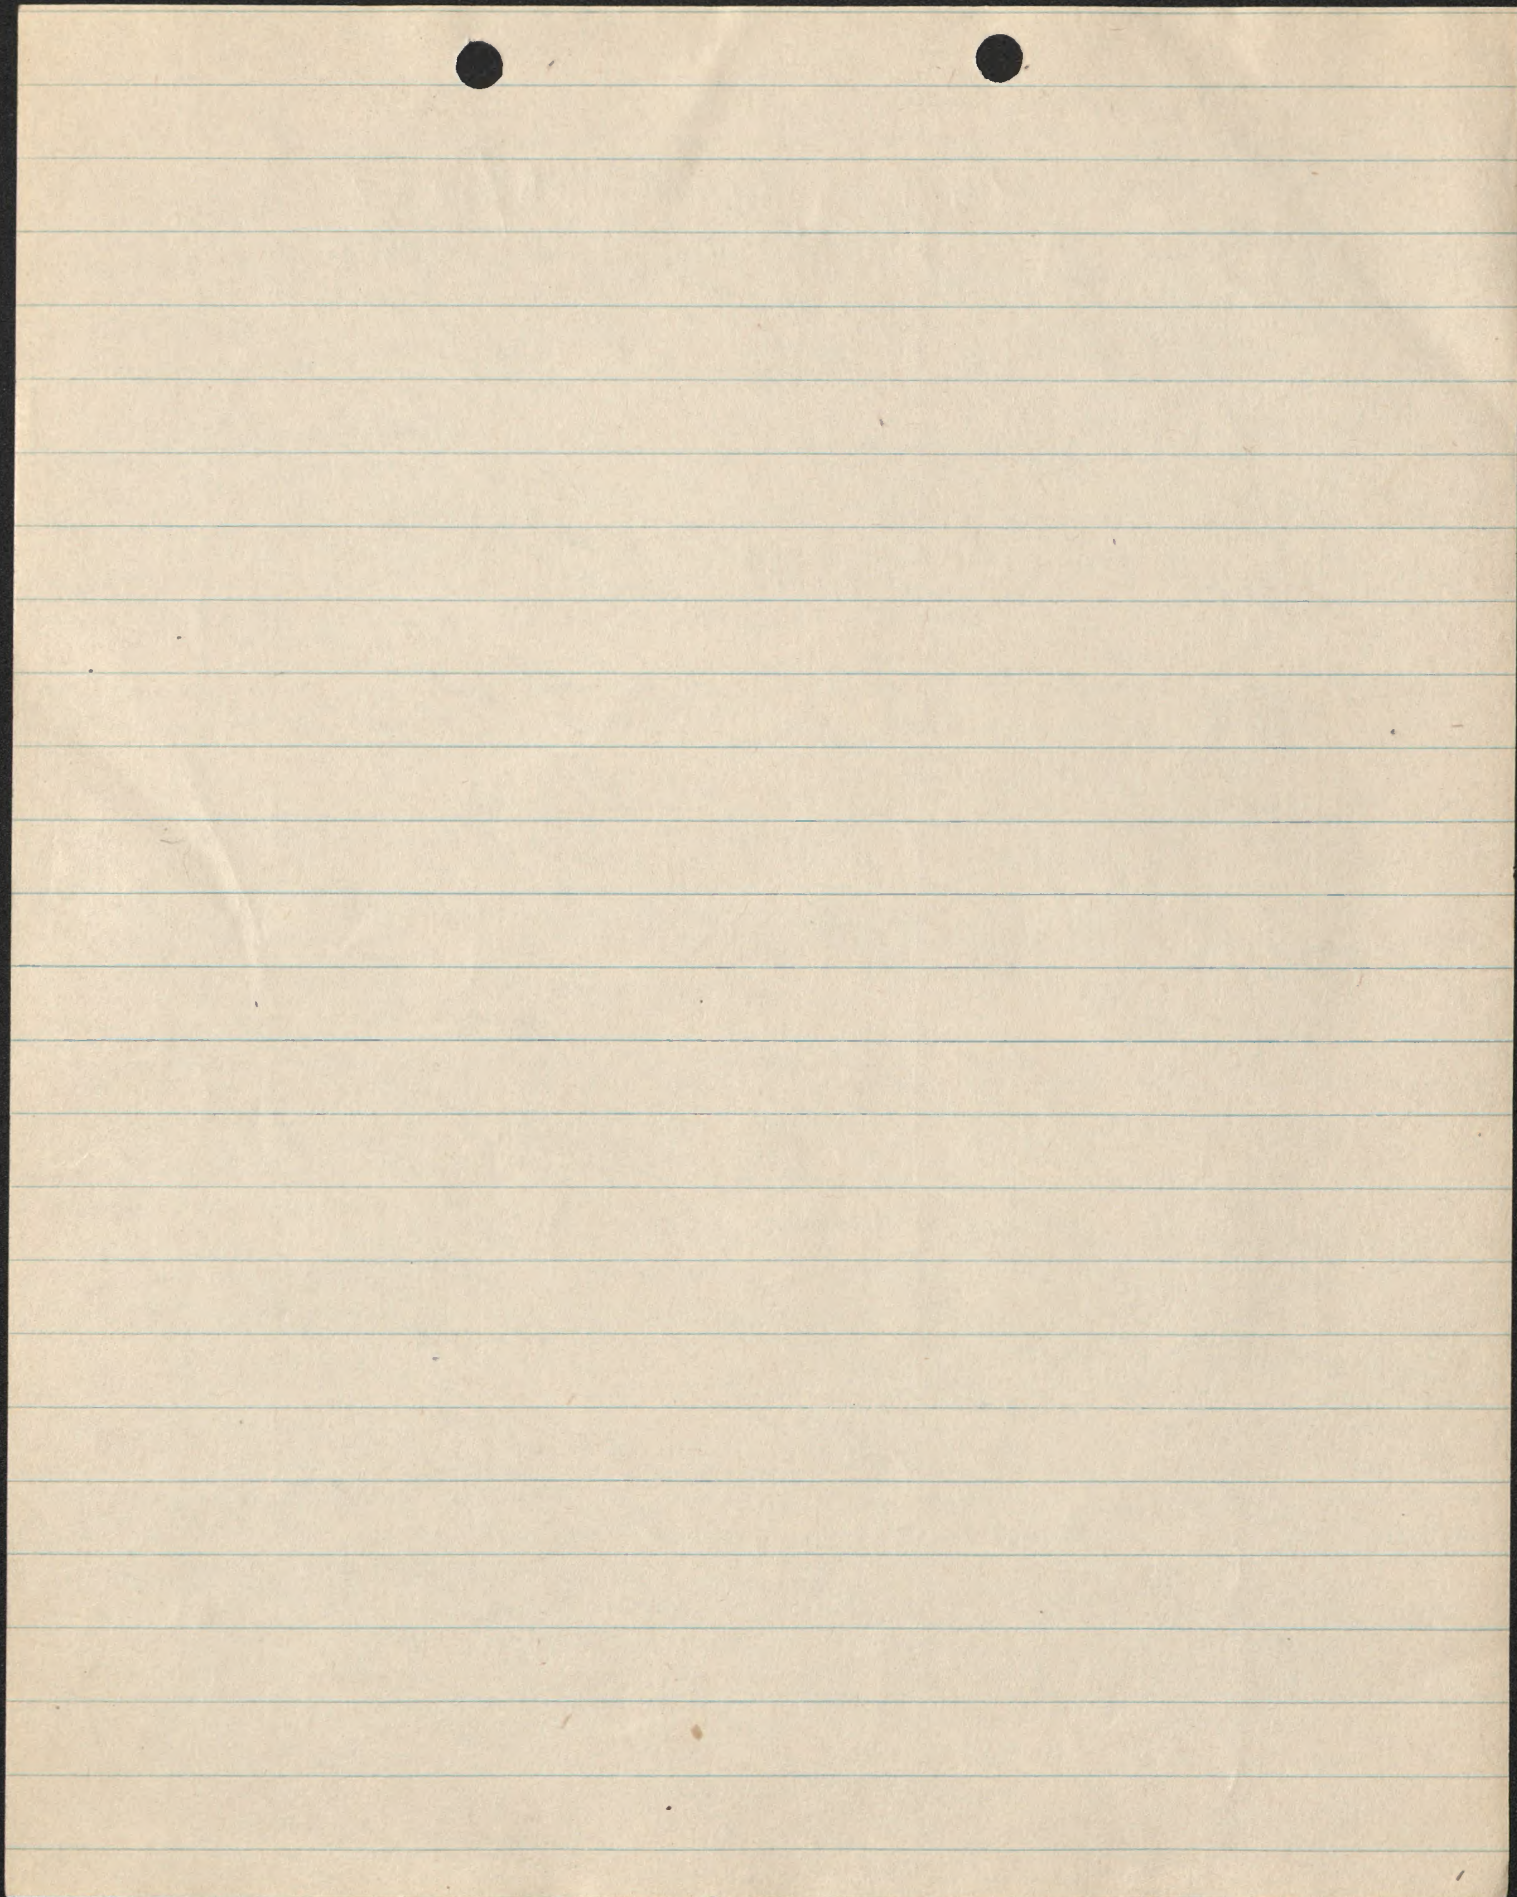

Platysiphus aurantiifrons

1/7-9-36 B.

Lake Danawana

shape ovate; shell smooth; glass medium;
color milky

32.1 x 22.6

~~Richardson~~ Exp.

~~1936-37~~

Nest & Eggs.

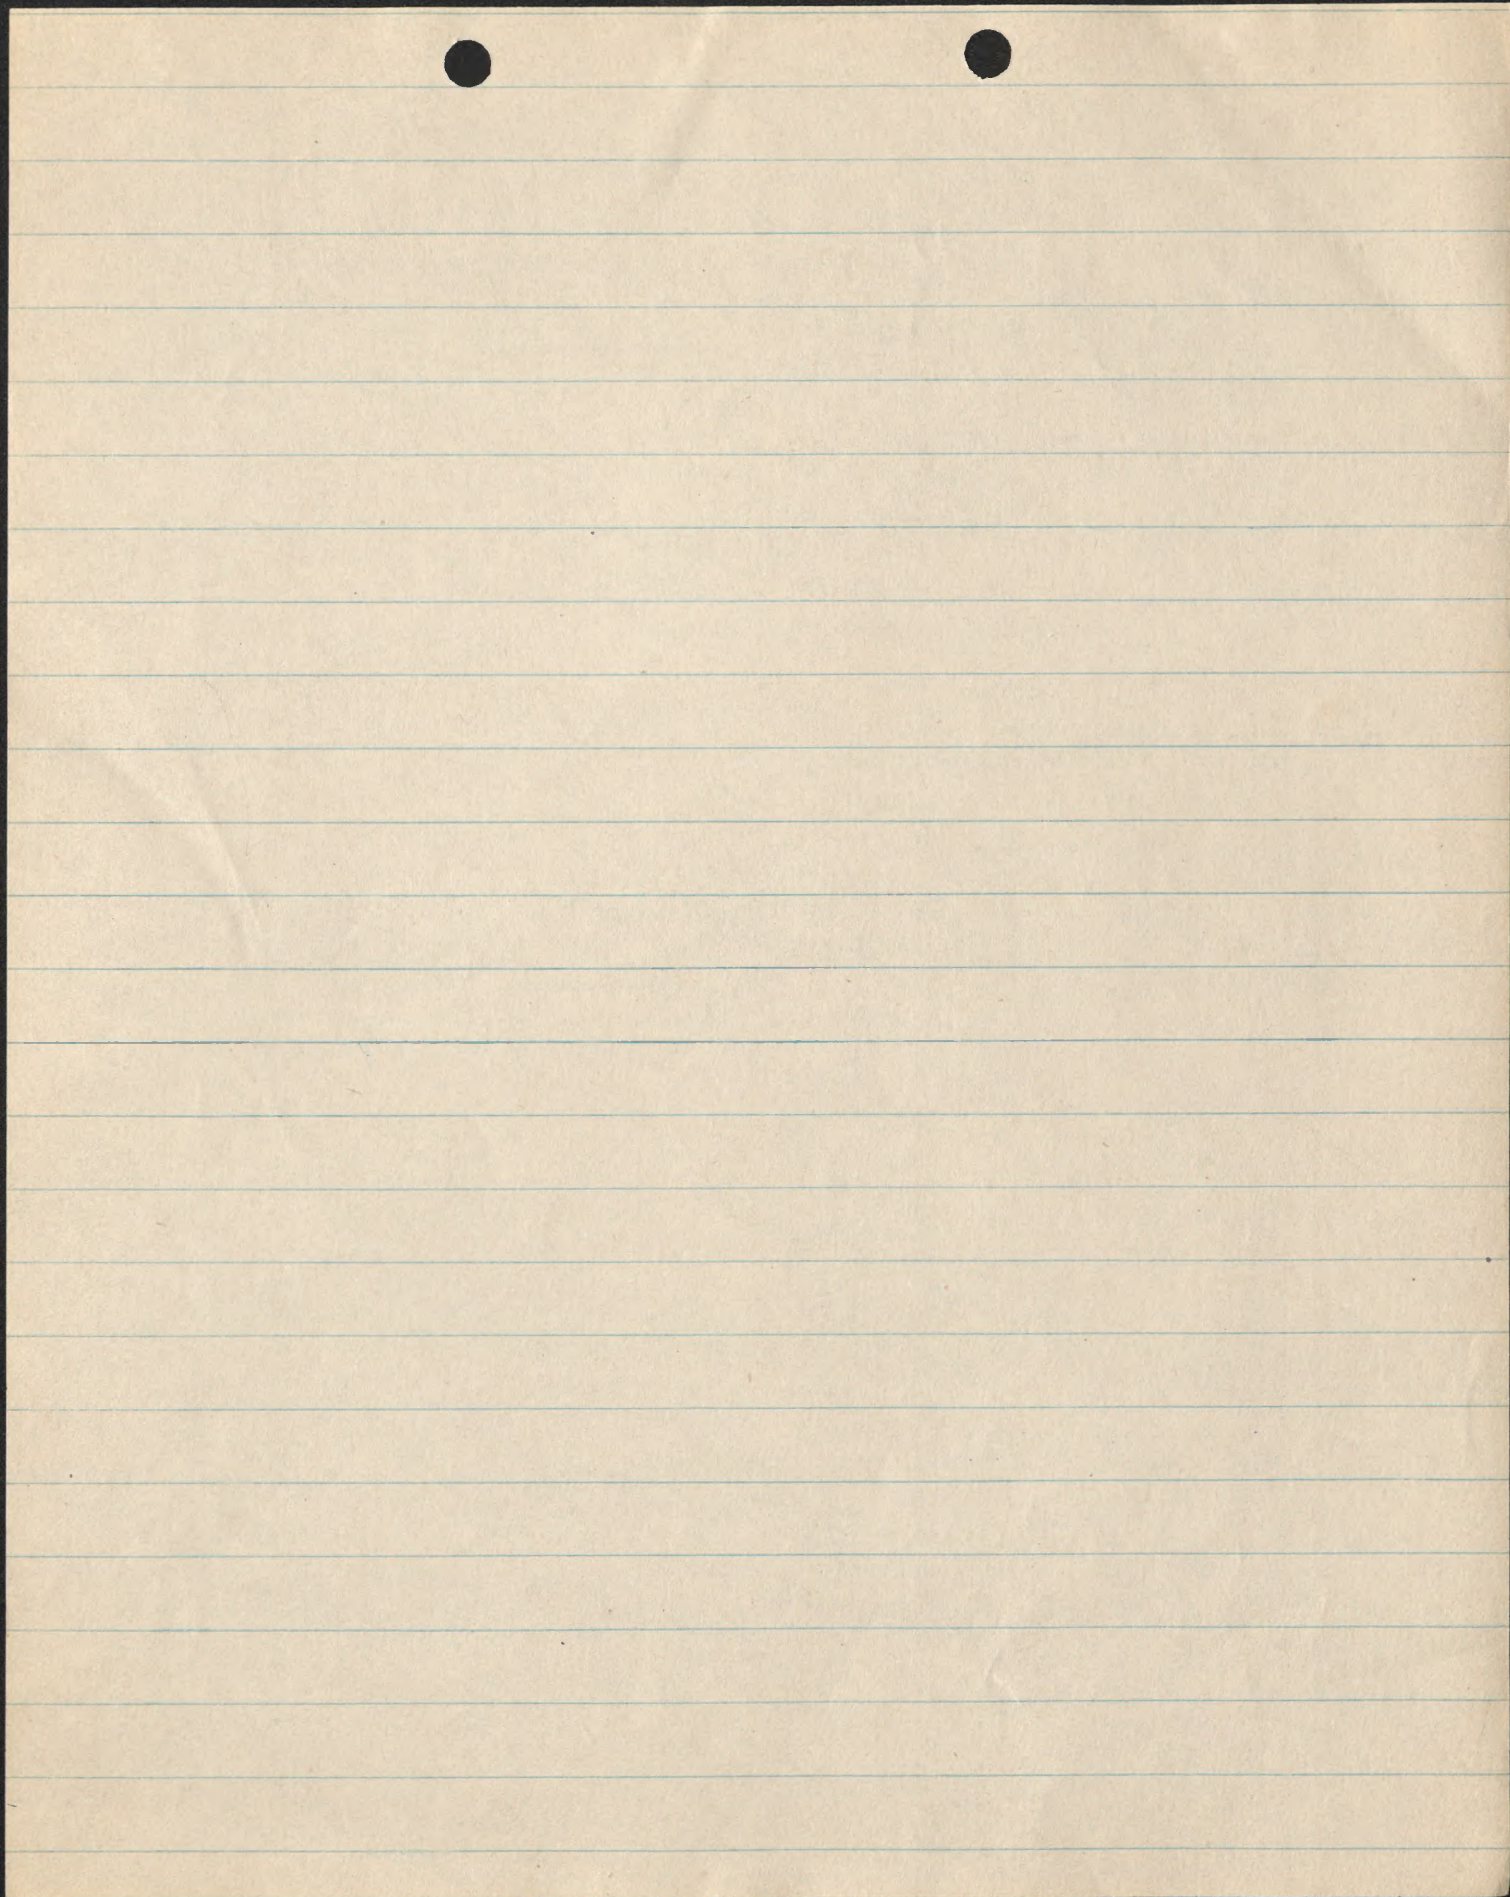

Syma Torator etc.

4, 2-9-36

Lake Umbagog

25.1x 22.2.

Shape broadly ovate, nearly round; shell smooth, glassy high; color white.

M. modesta

21-8-36

Lake Downer

1898

shape small

shell smooth

gloss medium

color white tinged blue

markings dark brown & reddish
grey dots & small spots
almost all in a dense wreath
about the larger end

21.7 X 15.6

Arch. Enp
1936-37

Momuncia alata

eggs.

1/2 26-8-36 Lake Dunbar

2 eggs.

shape round

shell mostly

glass like

color pale greenish blue

markings dark brown + secondary grey,
dots & small spots, forming a broad, nearly solid
band about the larger end,
& sparsely scattered over the
rest of the shell

21.8 x 15

21 x 14.3

$\frac{1}{3}$ - 24 - 8 - 36_c

Lake Danube

Fragment of 2 shells

shell smooth

gloss medium

color pink

^{slightly pinking brown, & secondary grey}
markings (a very solid ~~markings~~ ^{markings})

about layers and ^{small spots & blotches} and ^{fairly}

fairly plentifully scattered only

rest of shell,
